

ROAD MAP CQC

Each phase is designed to generate real value — starting with community building and brand visibility, all the way to the development of physical products like the CyberQuoreBar and the launch of the official app. This roadmap is not just a timeline. It's proof that we're building the future, step by step, together with our community.

PHASE 1 – Q2 2025

Launch & Foundations

- Smart contract deployment on Ethereum (ERC-20)
- Listing on Etherscan with logo, whitepaper, and project info
- Launch of the official channel on X (Twitter) for direct updates
- Viral meme campaigns featuring SIR Q
- First token distribution & active reflections system

PHASE 2 – Q3 2025

Expansion & Branding

- Start of name tag and listing process on aggregators (Uniswap, DexTools, GeckoTerminal, etc.)
- Integration of traceable wallets on blockchain explorers
- Collaborations with micro influencers and Web3 communities
- Development of an interactive website with sections: Tokenomics, Wallets, Whitepaper, Roadmap
- First community voting initiatives (e.g., burns, contests, giveaways)

PHASE 3 – Q4 2025

Utility & Integration

- Implementation of simplified DAO governance

- Development begins for the official CQC app (wallet, news, passive staking)
- Release of CyberQuoreBar 3D preview (web and VR base version)
- Launch of community voting for wallet fund allocations (AI, CyberBar, etc.)

PHASE 4 – Q1–Q2 2026

Advanced Development & R&D

- Partnerships with robotics and AI development teams (early-stage prototyping)
- Upgrades to the virtual CyberQuoreBar with new rooms and interactions
- Integration of collectible NFTs for premium access and exclusive content
- Listings on additional visibility platforms (DEXs, trackers, NFT socials, etc.)

PHASE 5 – Q3–Q4 2026

Ecosystem Construction

- Start of physical CyberQuoreBar construction: design, materials, prototyping
- Expansion of interactive 3D content and virtual tours
- Launch of virtual events and partnerships with other Web3 project
- Start of recruitment for technical staff of the real-life bar

PHASE 6 – EARLY 2027

Launch & Realization

- Announcement of the first physical CyberQuoreBar location
- Real-world use of CQC for payments, discounts, and AI interactions
- Introduction of on-chain/off-chain utilities (virtual and physical beverages)
- Global media coverage and international marketing campaign

Note: Some strategic listing phases are not detailed for operational reasons. CyberQuoreCoin – The Meme of the Future
